Dangers and ways of preventing them – Activity

In pairs or a small group…

Think about something that most of you do on a regular basis – e.g. using a chemical cleaner, catching public transport, visiting a park or the beach.

1. Name the scenario discussed in the group.

   _____

   _____

2. Name two possible dangers associated with undertaking the activity within the scenario.
   1. _____

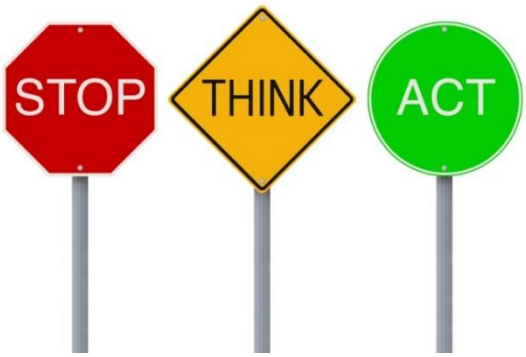
      _____

      _____
   2. _____

      _____

      _____

3. What could I do to prevent the possible dangers identified from occurring?



_____

_____

_____

_____

_____

_____
