Personal work health and safety (WHS) vocabulary diary

The word **vocabulary** refers to words related to a topic. It can also relate to the number of words known in a language. For example – "My ***vocabulary*** in English is small but growing every day. My ***vocabulary*** in Hindi is large. I also know some Farsi ***vocabulary."***

The word vocabulary is often made shorter – and called "***vocab***" which can be confusing!

Use this list by adding new or unfamiliar words about work health and safety. These might be useful in the future. Sound out words using syllables to get used to saying them.

For example: – vo – cab - ul – ary leg - is - la - tion

New word	Meaning
vocabulary	list of words related to a topic
legislation	law
unfamiliar	not well known
hazard
